Compact 24" Printer/Cutter

Print, Cut, Create! The XpertJet C641SR Pro is a desktop 24" (630 mm) printer/cutter combining advanced print technology with precision cutting in one device - ideal for businesses starting out or bringing graphics and sticker production in-house.

Next to the built-in contour cut and perforated through cut capability, the XPJ-C641SR Pro integrates a MUTOH AccuFine 1600 nozzle print head and MUTOH's proprietary i-screen intelligent interweaving to deliver superior banding-free print quality, even at lower resolutions. Powered by MUTOH's genuine VerteLith RIP software, the printer/cutter delivers best-in-class speeds. It can be equipped with a stand on caster wheels an automatic roll-up device to cope with higher production needs.

Designed for both indoor and outdoor applications, the XPJ-C641SR Pro comes with MUTOH's state-of-the-art MS31 / MS51 GREENGUARD Gold certified inks offering impressive colour reproduction and long-term durability.

Product Highlights

- Compact 24" / 630 mm desktop printer/cutter
- Integrated contour cut and perforated through cut functionality
- Wide media width range : adjustable pressure rollers
- Best in class speeds:
Quality Production : 6.5 m²/h / High Speed 9.7 m²/h
- Superior print quality - AccuFine 1600 print head
- MUTOH GREENGUARD Gold Certified sign & display inks
- Unrivalled user assistance : multiple automated calibrations : bi-dir alignment, media feed adjust, tracking of remainder media on a roll

Application Possibilities

The XPJ-641SR Pro is equally suited for a wide variety of indoor and outdoor durable graphics : full colour stickers, vehicle and window graphics, t-shirt transfers, banners, fine art prints, indoor & outdoor signage and more.
