

DTM Eddie Lite

EDIBLE INK PRINTER

Key Facts

- 1200 x 1200 dpi native, up to 1200 x 4800 dpi
- 16.7 million colours printable
- Prints up to 120 mm wide
- Single-tray platform feed — no carousel needed
- NSF/ANSI Standard 18 certified
- Compact footprint for tight kitchen counters

Simple, Single-Tray Printing

The DTM Eddie Lite Edible Ink Printer is the streamlined version of Eddie, built for bakeries and patisseries that print onto flat items one at a time. The included Platform Kit feeds items 0–120 mm wide and 30–60 mm high directly into the printer, so there is no carousel to set up — just place, print and go.

It shares Eddie's full-colour thermal inkjet engine and edible ink cartridge, so image quality and colour range are identical — Eddie Lite simply trades the automatic carousel feed for a lower-cost, single-tray footprint.

Technical Specifications

Print Method	Thermal inkjet with edible ink
Print Resolution	1200 x 1200 dpi native · up to 1200 x 4800 dpi
Print Speed	Varies by item size (e.g. Ø 89 mm items: 5–6 pcs/minute)
Inks	Single high-capacity CMY ink cartridge, process black
Print Width	Up to 120 mm
Item Width / Height	Platform Kit: 0 – 120 mm wide, 30 – 60 mm high
Feeding	Platform Kit (manual feed) — no carousel
Operating Systems	Windows 7 – 11 · macOS 10.11 – 12
Data Interface	USB 2.0
Power Requirements	100–240 V AC (50/60 Hz), 36 W, or 12 V DC 3 A
Operating Environment	10–35 °C · 10–60% RH, non-condensing
Certifications	UL, UL-C, FCC Class A, NSF/ANSI Standard 18
Weight	Total 11.3 kg · Printer 8.5 kg
Dimensions (WxHxD)	406 x 181 x 792 mm (with Platform Kit)
What's in the Box	Eddie Lite Edible Ink Printer, Platform Kit, edible ink cartridge, USB 2.0 cable, EU power cord and instructions
Manufacturer	DTM Print
Warranty	12 months on labour and non-wet parts, via LabelGraff in the UAE and GCC
